

Palm Lake Estates Co-Op is a Five-Star resident owned "retirement" community featuring three clubhouses, three pools, two hot tubs, and a fishing lake located conveniently near beaches, lakes, golf, the Intracoastal Waterway and great shopping.

One of the features making the home sites at Palm Lake Estates Co-Op Homes special is that each resident has the opportunity to invest in the Co-Op by purchasing a "share", which is your home site, or rent a home site from the Co-Op. This is a unique arrangement that few other communities can match, offering you greater flexibility.
